## 1. INTRODUCTION

### 1.1. Objective

This document contains the description of the release v1.0.0 BETA of the EIRA Library of Interoperability Specifications (ELIS) Solution.

### 1.2. Release date

This version of the ELIS has been released in Joinup on the 26 of March 2019.

### 1.3. Description

The ELIS is a library containing the standards and specifications defining the interoperability requirements of the architectural building blocks (ABBs) contained in the European Interoperability Reference Architecture (EIRA). The aim of this library is supporting solutions architects when modelling using EIRA.

### 1.4. Terminology
